Lovely Lilacs SING THE
SPRING SONG BEST OF ALL!

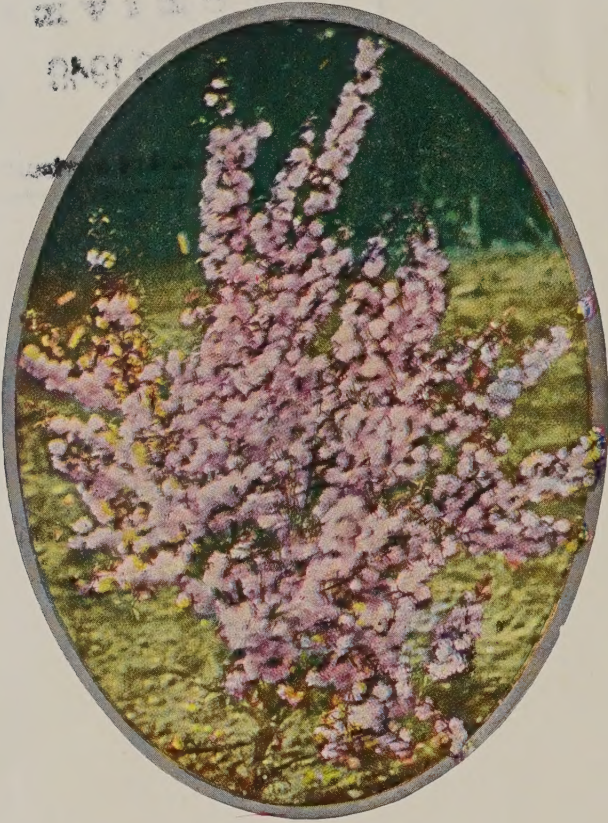

Every Spring thousands of flower lovers visit famed Highland Park in Rochester to view the world's largest public display of lilacs. Pictured is Paul Thirion (2'-3', \$2.50 ea.) • For information and pictures of other varieties, turn to Page 11.

Flowering and Ornamental . . .

Numerals in parentheses denote ultimate height at maturity

FLOWERING ALMOND (5')

An old fashioned favorite, yet in greater demand today than ever. Small, double, rose-like flowers in early Spring before the foliage appears. Plant in Spring only. 2-3 ft. \$1.25 each, 3 for \$3.50.

Flowering Almond

*For
Beauty
Plant
Flowering
Shrubs*

ALTHEA or ROSE-OF-SHARON

Tall growing shrub to 15 ft. with double red, white, pink, or purple flowers in late Summer. Specify color desired. 2-3 ft. 65c each, 3 for \$1.80.

RED LEAVED BARBERRY (4')

A brilliant red foliage plant for specimen or hedge use. Plant in full sun for intense coloring. 15-18 in. 65c each, \$6.00 per 10, \$55.00 per 100.

GREEN LEAVED BARBERRY (4')

A popular variety, the foliage turns a bright orange scarlet in Fall. Large masses of fire red berries last into Winter. 15-18 in. 50c each, \$4.50 per 10, \$40.00 per 100.

FLOWER CITY SHRUBS GROW!

(All 2-year, Well-Developed, Heavy Plants)

SHRUBS

BUTTERFLY BUSH or SUMMER LILAC (5'). Long slender spikes of glorious color. When in bloom the plants attract myriads of butterflies. Best results are obtained by cutting the plant to within 4 to 6 inches of the ground each spring. 2 yr. plants, 65c each, 3 for \$1.80.

Ile de France. A beautiful rosy purple.

Charming. A newer variety with spikes of lavender pink bloom.

Deutzia—Pride-of-Rochester

DEUTZIA

Gracilis. Slender Deutzia (2'). A very good small shrub for use in foreground of any shrub planting. Dainty white flowers borne in profusion in early Spring. 12 to 15 in., 70c each, 3 for \$1.95.

Pride-of-Rochester (10'). A large upright growing shrub with pink-tinged white flowers in early Summer. This plant makes an admirable background. 2-3 ft., 65c each, 3 for \$1.80.

FORSYTHIA spectabilis or Goldenbell (8'). Probably the best known and most widely planted of the early blooming shrubs. Masses of golden yellow star shaped flowers herald the arrival of Spring. The stems can be brought into the house from January on and forced into bloom in a vase of water. 2-3 ft., 65c each, 3 for \$1.80.

Everblooming Butterfly Bush

Forsythia Spectabilis (Golden Bell)

HONEYSUCKLE

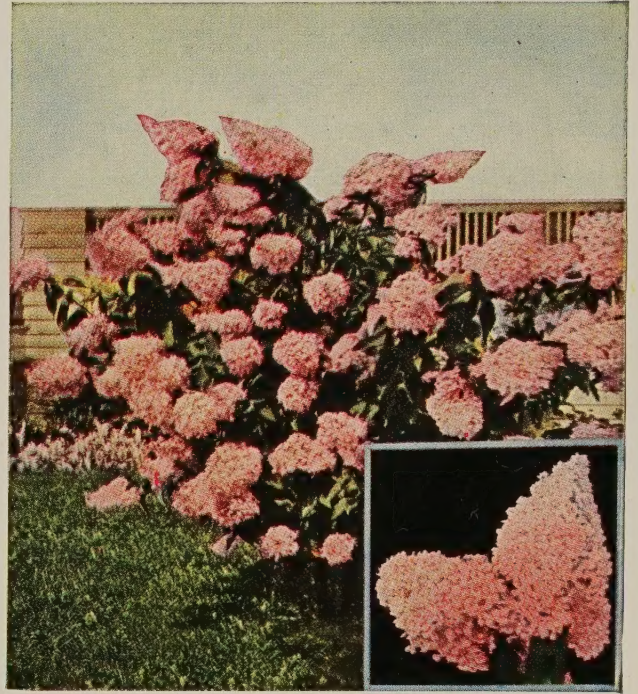

Pink, Red, or White. A fast growing background shrub.

Tatarian (10'). Good neutral gray green foliage. Produces masses of shell pink, red or white flowers followed by scarlet red berries. 2-3 ft., 65c each, 3 for \$1.80.

Specify color desired

Pink Honeysuckle

Hydrangea Pee Gee

HYDRANGEA

Hills-of-Snow (4'). Large green leaves make a fine background for the masses of snow-white ball-shaped blooms in July and August. Like Butterfly, this shrub grows best if cut back to just above the ground every Spring. 2-3 ft., 65c each, 3 for \$1.80.

Pee Gee (6'). A tall and upright shrub of stately size. The cone-shaped flowers that are first white then pink and in Fall, bronze colored, weight the branches down making a cascade of gorgeous color. 18-24 in., 75c each, 3 for \$2.10.

Beauty Bush

Kerria Japonica (Globe Flower)

KERRIA japonica. Globeflower (4'). Bright golden yellow flowers borne on slender green barked branches, make this a great favorite of many plant lovers. Will grow in sun or shade. 18-24 in., 90c each, 3 for \$2.55.

KOLKWITZIA or **BEAUTY BUSH** (8'). A most unusual shrub with twisting leaves that taper to a long point. When in bloom in early Summer, the mass of small delicate pink flowers make a never-to-be-forgotten spectacle. A must for all gardens. 18-24 in., \$1.00 each, 3 for \$2.75.

MOCKORANGE

(Philadelphus)

Sweet Scented Syringa (10'). A favorite of Grandmother's time; it is as popular today. Masses of single pure white orange blossom-like flowers make a beautiful display in the garden and its pungent fragrance can be enjoyed by the neighborhood. 2-3 ft., 65c each, 3 for \$1.80.

Golden (5'). A golden leaved variety of compact dwarf habit. Ideal for bright color accent in the border. 12-15 in., 75c each, 3 for \$2.10.

Virginal (8'). Semi-double white flowers with some of the fragrance of the sweet scented variety. Profuse bloomer and somewhat Everblooming throughout Summer. 18-24 in., 85c each, 3 for \$2.40.

NANKING CHERRY. *Prunus Tomentosa* (5'). A fine shrub with attractive clean looking foliage. The stems are covered with a profusion of cherry-like bloom before the leaves appear in early Spring. The fruit, an attractive bright red cherry, is similar to Sour Red Cherry in flavor. Good for pies and jam. A good plant for filling the corner between house and porch. 2-3 ft., \$1.25 each, 3 for \$3.50.

Spirea Anthony Waterer

SPIREA

Anthony Waterer (3'). The large clusters of rich rosy red blooms almost obscure the plant. Makes an ideal low border or colorful edging for the shrub border. 15-18 in., 75c each, 3 for \$2.10.

Prunifolia. Bridalwreath (8'). Here is the old fashioned True Bridalwreath. The double pure white flowers (like miniature roses) are borne in great profusion along the stem. In fall the leaves turn to shades of copper and gold. A beautiful exhibition when grown as a specimen plant. 90c each, 3 for \$2.55.

Van Houtte (8'). This is the Common Spirea—sometimes falsely called Bridalwreath. Makes a fine large shrub when given ample room to grow. 2-3 ft., 65c each, 3 for \$1.80.

Philadelphus Virginalis

PRIVET

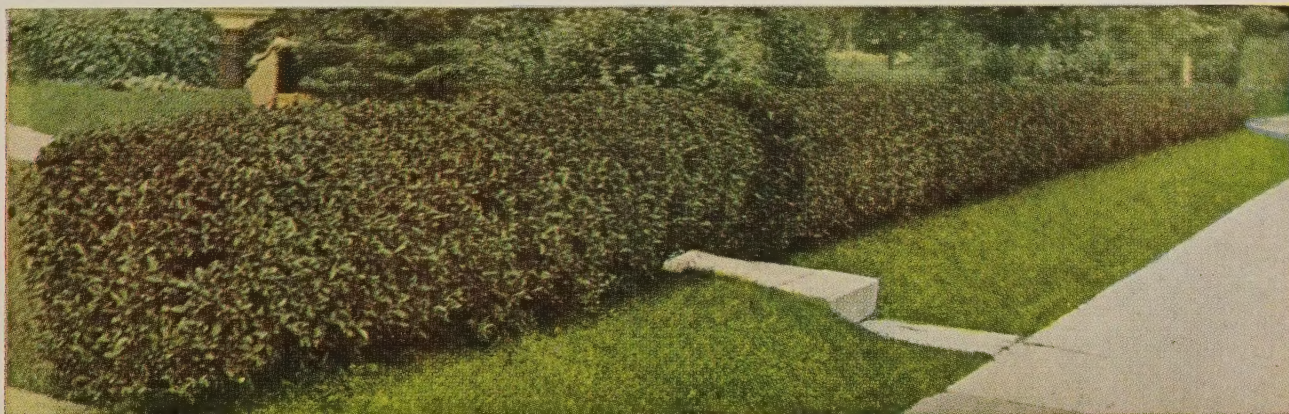

Amur (12'). Best Hedge Plant for Northern localities—extremely hardy and shears well. Can be grown as a specimen shrub. 18-24 in., \$2.00 per 10, \$15.00 per 100.

California (10'). Glossy green leaves which persist until winter make this variety very desirable where well protected. Does freeze back to the ground during severe winters. (Price same as Amur.)

Regel's (6'). Here is the Queen of the Privets—can be used as a hedge but is very valuable as a specimen in foundation planting. Low arching branches can be kept to any height and the clusters of blue-black berries hang on the branches all winter. 18-24 in., 75c each, 3 for \$2.10.

FLOWERING QUINCE. *Japonica* (5'). Orange scarlet flowers of brilliant hue, appearing before the leaves, have given this plant widespread popularity. Foliage is dark green and the branches have a "twisty" habit of growth. 18-24 in., 75c each, 3 for \$2.10.

RHODOTYPOS. Jetbead (6'). A good screen plant; it has attractive foliage and single white flowers in early Summer. Produces small clusters of shining black hard seeds, which persist all Winter. 2-3 ft., \$1.00 each, 3 for \$2.75.

Amur Privet

CORALBERRY or INDIAN CURRANT (4'). A good plant for poor soil in either sun or shade. Excellent for covering banks. Small pink and white flowers followed by clusters of red fruit that persist into Winter. 2-3 ft., 65c each, 3 for \$1.80.

Chenaulti. Improved Coralberry (4'). Exceptionally good fine foliage. Makes a good filler plant in Foundation Planting. Flowers are like Indian Currant but fruit is larger and less prolific. 2-3 ft., 75c each, 3 for \$2.10.

Snowberry (6'). This is the plant that produces the clusters of white berries, we would "pop" when on our way home from school. Will grow in sun or shade and thrives on poor dry soil. 2-3 ft., 65c each, 3 for \$1.80.

Snowberry Chenaulti

AMERICAN CRANBERRY BUSH. *Viburnum Americana* (10'). Here is an ideal background or barrier plant. Very clean foliage with attractive white flowers. Produces clusters of intense red fruit that remain on plant all Winter. Useful for jelly. The foliage has an autumnal coloring of red and bronze. 2-3 ft., 85c each, 3 for \$2.40.

VITEX. Chaste Tree (4'). Palmate foliage of rich green make this an ideal plant near modern houses. The flower spike is similar to lilac in form, of a pleasing shade of light blue and blooms from August until late Fall. This plant like Butterfly and Hydrangea Hills-of-Sow should be severely cut back each Spring. 18-24 in., 85c each, 3 for \$2.40.

WEIGELA

Bristol Ruby—Patent No. 492. (7'). Its profusion of Ruby red, deep throated flowers add ZIP and SPARKLE to any planting. 18-24 in., \$1.25 each, 3 for \$3.50.

Eva Rathke (5'). Blood red tubular flowers make this a welcome accent in the shrub border. 18-24 in., 80c each, 3 for \$2.25.

Rosea (8'). Attractive shell pink flowers borne in great profusion give this plant a spectacular mantle not soon forgotten. 2-3 ft., 65c each, 3 for \$1.80.

Vines

for Trellises, Stone Walls
or to Cover Stumps
or Rock Piles

Clematis Henryi

Hall's Honeysuckle

BOSTON IVY (30'). Clings to almost any surface by air-roots. It is ideal for brick or stone walls. Gorgeous red-yellow and bronze Fall coloring. 2 yr., 75c each, 3 for \$2.10.

BIGNONIA. Trumpet Vine (50'). Vigorous bush-like vine with foliage deeply cut similar to Wisteria. The orange to red trumpet-shaped flowers attract Hummingbirds. Very spectacular when in full bloom. 2 yr., 65c each, 3 for \$1.80.

CLEMATIS. Large flowered Hybrids (10'). 2 yr. plants, \$1.00 each, 3 for \$2.75.

Duchess of Edinburg. Large white, double blooms.

Henryi. Creamy-white, large blooms.

Jackmani. Purple.

Mme. Edouard Andre. Dark crimson.

Ramona. Light blue.

HALL'S HONEYSUCKLE (20'). Vigorous growing vine for trellis or fence. This plant also is ideal for clothing banks. The flowers are yellow and white on the same plant and foliage persists until late Fall. 2 yr., 50c each, 3 for \$1.35.

ENGLISH IVY. Evergreen foliage of rich dark green, this plant makes a good ground cover in sun or shade. Needs protection in severe Winters if grown up a wall. 2 yr., 60c each, 3 for \$1.65.

WISTERIA. The Aristocrat of Vines—give your home a setting of Old World Splendor by growing one of these on a trellis. Long clusters of purple flowers, 12 inches or more in length, will impart a luxurious appearance to even the tool shed. 2 yr. grafted plants, \$1.25 each, 3 for \$3.50.

Rochester is known the world over as "The Flower City." The Lilac Collection in Highland Park has played an important role in establishing this reputation. Those of us privileged to live here and enjoy the Lilac Festival each year have difficulty selecting the best from among the 409 varieties growing in Highland Park.

Therefore, Flower City solicited the aid of the Rochester Park Dept., and other Lilac Experts to select the 12 varieties best suited for Home Planting. We are sure this selection will merit your approval and enthusiasm.

TERMS OF SALE

BUY BY MAIL FOR CONVENIENT AND ECONOMICAL SERVICE

Please use our convenient order form and postage paid envelope accompanying this catalog.

Our terms are Net Cash With Order. Prices are F.O.B. our shipping point unless otherwise noted.

Shipping charges are paid by the purchaser. However, you may, if you wish, add 5% to amount of your order and we will prepay shipping charges.

C. O. D. orders will be shipped provided one-fourth the amount accompanies the order.

We guarantee delivery to customer of all Nursery Stock in first-class condition and fully up to grade and specifications. Should the stock arrive in a damaged or not first-class condition, notify the carrier and ourselves immediately. A satisfactory adjustment or refund will be made promptly.

Although every precaution is taken to avoid errors, should any stock prove untrue to name we will replace such stock or refund purchase price.

Our Nursery Stock will grow if properly handled and planted but should any fail to grow, we will replace at half price the following season, if advised prior to August 1st. We send a Planting Guide with every order. Orders will be shipped at proper planting time for your section.
